## THE SPA FOR CARS

ProTech® Monte-Carlo is a unique place where a team of expertly trained technicians, apply a wide range of protective and beautifying treatments to the cars entrusted to them by their caring owners.

It allows cars to be treated in a space that is privileged for both customers and technicians and is adapted to the different applications that ProTech® MC offers.

# PAINT TREATMENT

Permanent protection for painted surfaces against ageing and daily attacks. Application of a thick protective layer with a specific machine using a certified process anti-adhesive, anti-dirt, anti-ageing.

ProTech® paint treatments are a protective shield that enhances the deep colour, high gloss and youthfulness of your car. The repellent properties keep your car clean longer and ensure effortless cleaning.

- + 9 MICRONS PROTECTIVE SHIELD
- + HYDROPHOBIC
- + EXTREME SHINE, DEEP COLOUR
- + WARRANTED

## SPECIFICATIONS

1. The processed paint resists water and oily contaminants effectively.
2. Paint that has been treated ages at a significantly slower rate over time.
3. Paint treatment ensures protection for five years with its durable shielding.
4. A treated paint offers a protective shield of 9 microns.
5. After treatment, we give you the Procasa. In it you will find all the products and accessories you will need for your car's maintenance and your certificate of authenticity

# ***PAIN*T PROTECTION FILM (PPF)**

PPF stands as the ultimate armor for your car, a resilient Thermoplastic Urethane Film that battles deep scratches, stone chips, paint damage, acid rain etching, unsightly stains, bird bombardments, tree sap cling, deliberate mischief, and minor fender benders. Its application extends to painted surfaces, headlights, chrome accents, and even sleek carbon fiber panels, ensuring unyielding protection with style.

- + ELASTICITY**
- + SELF-HEALING FILM**
- + INVISIBILITY**
- + ULTIMATE PROTECTION**
- + ABOVE 180 MICRONS THICKNESS**

## **MERITS AND ADVANTAGES**

1. Protection against scratches and chemicals.
2. Prevents the paint from losing its vibrancy: Maintains the car's fresh and glossy appearance.
3. Maintains its resale value: without the need for smart repairs and touch-ups.
4. Cutting Costs: A Five-Year Break from Polish and Wax!

## **SPECIFICATIONS**

1. An advanced invisible protection film with a thickness exceeding 150 microns, featuring self-healing properties and enhancing the level of shine.
2. The self-healing feature effectively guards against swirl marks resulting from improper washing methods and addresses minor scratches.
3. Guaranteed durability for a period of 5 years.
4. Offered in Glossy or Matte Texture

***TOP-TIER QUALITY | 5-YEAR WARRANTY | CRAFTED IN FRANCE***

# WRAPPING

ProTech Monte Carlo suggest applying coatings to the painted surfaces of your vehicle based on your preferences. Our selection includes a diverse array of highly lifelike 3D-effect materials and colors, catering to styles that are chic, sporty, fashionable, or uniquely innovative. Feel free to unleash your creativity while also considering the guidance offered by our skilled professionals.

- + INFINITE CUSTOMISATION POSSIBILITIES
- + HIGH-QUALITY FILMS
- + PERFECT FINISH

## MERITS AND ADVANTAGES

1. A quicker method than traditional painting.
2. Cheaper when compared to painting.
3. Preserves underlying paint - Completely removable.
4. Available in unique colors and finishes.
5. Optimal for both corporate and individual design needs.
6. Maintains a higher resale value in comparison to a complete repainting.

**A TAILOR MADE SERVICE | 5-YEAR WARRANTY | CRAFTED IN FRANCE**

# WINDOW TINTING

A treated glass blocks over 99% of harmful UV rays to humans whereas an untreated glass rejects by only 40%. Tinted films protect first of all your health and prevent discoloration of your vehicle interior surface.

Customize your vehicle while protecting yourself against sunlight which keeps you cool in summer and warm in winter.

- + HEAT PROTECTION
- + HIGH-QUALITY FILMS
- + PERFECT FINISH

## SPECIFICATIONS

1. Blocks UV rays: Guards your skin and the vehicle's interior.
2. IR ray rejection helps in averting heat and skin discomfort.
3. Variations in privacy: options range from transparent to 70% darkness.
4. Efficiency: helps the AC work better and reduce fuel consumption.
5. Carbon ceramic layers ensure no interference with Bluetooth, radio, and GPS signals.
6. Protects passengers by holding and containing shattered glass during breakage incidents.

## GRADES & SPECIFICATIONS

1. 60% to 70% Thermal Dissipation.
2. Hydro Ceramic Coatings.
3. 10-year warranty

**PREMIUM | 10 -YEAR WARRANTY | CRAFTED IN USA** 

# INTERIOR & EXTERIOR CARE

ProTech exterior and interior care serves as a gentle abrasive solution crafted to cleanse, refine, and amplify the luster of car paint. As time passes, the vehicle's paint and clear coat accumulate imperfections such as minor scratches, swirl marks, and minuscule irregularities due to oxidation. These factors contribute to a lackluster, aged appearance of the paint. To safeguard the surface following the polishing process, it is advisable to administer a protective layer, beginning with options like wax or a clear paint protection film.

ProTech Monte-Carlo use high-quality products and techniques to remove dirt, grime, and debris from your car's exterior and interior

**+ DEFECTS REMOVED**

**+ SHINE RESTORED**

**+ COLOUR ENHANCED**

*FROM INSIDE COMFORT TO OUTSIDE SHINE: YOUR CAR, PAMPERED.*

# PREMIUM CAR WASH

Washing in our Spas will leave your vehicle perfectly clean and smelling as good as new. This operation requires attention and control, while respecting the specific characteristics of the different surfaces.

This is why every washing service is performed by qualified technicians, certified by ProTech® Monte-Carlo and using adapted products, equipment and processes. This attention to detail allows us to work on the rarest, most fragile vehicles, with complete peace of mind

- + PLEASURE OF A GREAT SERVICE**
- + GUARANTEED QUALITY**
- + EXPERT PERFORMANCE**

*ENJOY A CLEAN, SPARKLING VEHICLE ON A DAILY BASIS*

# SMART REPAIR

SMART repair involves employing cost-effective methods for repairing damage that is limited in size, typically encompassing an area no larger than an A4 sheet of paper.

Cosmetic repair techniques that provide cost-effective, quick and environmentally friendly repairs to vehicles.

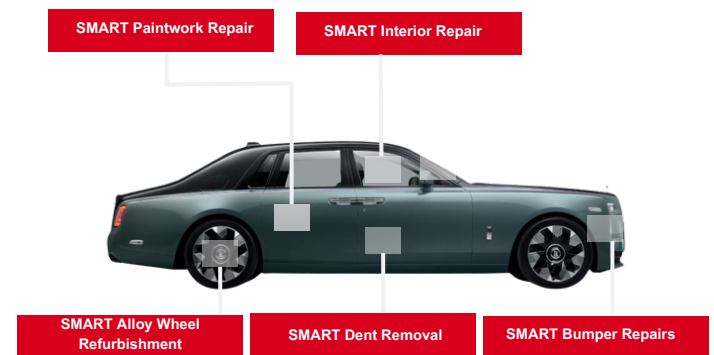

- + SIMPLE
- + QUICK
- + PROFESSIONAL

## **BENEFITS**

1. Saves time - fast repair, normally within the day
2. Cost-effective repair price versus traditional body shop
3. Repair not replace
4. Cosmetic damages are repaired immediately after Mechanical service so customers get back their vehicles in 'like brand new' condition
5. Convenient - customers don't need to go to several locations for their vehicle repairs. Mechanical, as well as cosmetic repairs could be done on their vehicle in one location

## **SERVICES**

1. Paint spot repairs
2. Alloy wheel refurbishments
3. Interior repairs (Leather, Velour, and Plastic)
4. Headlight rejuvenation
5. PDR (Paintless Dent Repair)

# CARGLASS

We are specialized in VGRR (Vehicle glass repair and replacement). Whether it's a minor repair or a complete replacement, we're here to restore your clear vision on the road.

we are committed to delivering top-notch services that ensure your safety and the aesthetic appeal of your vehicle

+ **HIGHLY TRAINED TECHNICIANS**

+ **COMPREHENSIVE SERVICES**

+ **PROFESSIONALISM**

## SERVICES
